I understand that if I am accepted into the training program, HireQuest will be considered my employer for the first four (4) weeks of the program. I will work with HireQuest in following their employment practices, including a drug test and a possible background check requirement. I will also work with HireQuest in completing employment documentation. I also understand that in continuing into the second four (4) weeks of the program, one of the participating Trade Partners, or Holder Construction will be considered my employer and I will need to work with the applicable Company to complete their specific employment requirements, including a second drug test.

I understand that if I am accepted into the training program, the information provided within this document may be shared with any or all entities involved in the interview process, including but not limited to, the program's community partner(s), education partner(s), trade contractor partner(s), and project client.

I understand that my participation in this program is at-will and that I can terminate my participation at any time with or without cause and with or without advanced notice and that the Company has a similar right. I understand the training program is to prepare me for a position in the construction industry and does not automatically guarantee a position with the Company or Subcontractors supporting the program.

I understand that there are a limited number of seats available, and there will be applicants who are not able to be accepted into the program. I will make every effort to participate for the full duration of the eight (8) week program.

I certify that the information given by me on this application and during the interview process is true and complete in all respects, and I agree that if the information is found to be false, misleading, or unsatisfactory in any respect that I may be disqualified from consideration for acceptance, employment, or subject to immediate dismissal if discovered at any time after the start of the program.
